GLOBAL INDIA LEADERSHIP PROGRAMME

9–13 March 2026 | Cambridge, UK

Designed for: CXOs, Founders, Senior
Executives, Entrepreneurs

Five Days. One Cambridge Experience. A Lifetime of Impact.

The **Global India Leadership Programme (GILP)** is more than just a course, it's a **once-in-a-lifetime opportunity** to immerse yourself in the Cambridge experience and access world-class executive education at a **fraction of the usual cost of Tier-1 programmes**.

For the first time, Cambridge Judge Business School has co-created a programme **tailored for Indian CXOs and entrepreneurs**, delivering a rare blend of academic insight, practical frameworks, and peer learning, all in a concentrated, five-day format that maximises impact without taking leaders away from their businesses for weeks.

This is **Cambridge made accessible and affordable** – a chance to challenge your thinking, expand your global network, and return with the clarity, confidence, and Cambridge-certified edge to lead India's growth story on the world stage.

Key Takeaways

Cambridge-Certified Leadership Edge

Gain world-class frameworks, insights, and strategies from Cambridge Judge Business School and return with a prestigious certificate that signals your readiness to lead on a global stage.

Real-World Impact with Measurable Outcomes

Not only will you apply cutting-edge frameworks and simulations to your business challenges, but Cambridge specialists will work with you to **translate these learnings into real outcomes**. A post-programme AI adoption assessment will measure the tangible impact of your participation, ensuring you see clear ROI.

Powerful Global Network

Join an exclusive cohort of Indian CXOs, founders, and senior leaders, building lasting relationships with peers and Cambridge faculty that extend far beyond the five-day programme.

800+ years

of Cambridge history
shaping global leaders

10,000+ startups

PROGRAMME LEADERSHIP

Prof. Jaideep Prabhu

Programme Director, Vice Dean & Professor of Marketing & Frugal Innovation at Cambridge Judge Business School

The Global India Leadership Programme is about more than learning – it's about transformation. In Cambridge, we give leaders the tools to think creatively, harness AI and innovation, and shape the future of their organisations in a rapidly changing world.

Dr. Mark Bloomfield

Co-Director- GILP, AI & Leadership Expert, Fellow at Cambridge Judge Business School

AI is no longer optional for business leaders – it is the lens through which strategy, innovation, and transformation must now be viewed. Through the Global India Leadership Programme, we empower executives to harness AI responsibly and creatively, building lean, future-ready organisations that can thrive in a rapidly changing world.

Programme Content & Experiential Learning

Leadership & Strategy

- Leadership styles in Indian & global contexts
- Strategic frameworks for the AI era
- AI-based business scenario simulations
- Blue ocean strategy & sustainable advantage

Learning outcome – You will be able to recognise and adapt leadership styles for both Indian and global contexts, leading with confidence in diverse environments. You will learn to apply strategic frameworks built for the AI era, using AI-driven business simulations to test decisions and predict outcomes in a safe setting. By the end of the programme, you will know how to craft and implement blue ocean strategies that create uncontested market space and long-term competitive advantage.

Frugal AI for the CXO

- Practical AI applications for cost-efficient innovation
- Lean AI strategy: doing more with less
- Responsible & ethical AI adoption
- Building scalable AI roadmaps

Learning outcome – You will discover practical ways to integrate AI into your organisation cost-effectively, focusing on measurable impact over unnecessary complexity. You will be able to design a lean AI strategy to do more with fewer resources while remaining agile. You will understand frameworks for ethical and responsible AI adoption, ensuring compliance and trust. Most importantly, you will leave with a customised, scalable AI roadmap for your business.

Branding, Marketing & Digital Innovation

- Storytelling & brand-building
- Customer-centric growth strategies
- Leveraging data & analytics for measurable impact
- ESG marketing & emerging AI trends

Learning outcome – You will learn to tell powerful brand stories that engage customers and strengthen market positioning. You will be able to design customer-centric growth strategies that drive results and use data analytics to measure and optimise marketing impact. You will stay ahead of disruption by understanding ESG marketing and the latest AI-driven innovation trends, preparing you to future-proof your organisation's brand strategy.

Public Speaking & Negotiation

- Mastering pitches & persuasive delivery
- Storytelling for influence
- Role-play exercises to sharpen deal-making skills

Learning outcome – You will develop the ability to deliver compelling pitches, communicate with clarity, and inspire confidence among stakeholders. You will refine storytelling techniques that persuade and motivate teams, investors, and partners. Through practical role-play exercises, you will sharpen your negotiation skills and gain the confidence to handle complex, high-stakes business discussions globally.

Finance & Corporate Governance

- Boardroom dynamics & influence
- Linking brand to financial performance
- Designing growth-focused financial strategies

Learning outcome – You will understand how boardroom decisions are shaped and gain strategies to influence them effectively. You will be able to link branding and marketing investments directly to financial performance, building stronger cases for growth initiatives. You will leave ready to design and implement financial strategies that support global expansion and long-term shareholder value.

Cambridge Traditions & Networking

- Walking tour of historic Cambridge
- Punting on the River Cam
- Formal college dinner with faculty
- Peer-to-peer networking sessions

Learning Outcome – You will experience the history and traditions of Cambridge through guided walking tours, punting, and formal college dinners. You will have the opportunity to engage directly with world-class faculty and peers, exchanging ideas that spark collaboration. You will leave with a powerful new network of CXOs and thought leaders committed to driving impact in India and beyond.

Master Class by Lord Karan Bilimoria

About Lord Karan Bilimoria

Lord Karan Bilimoria, Baron Bilimoria, is a British-Indian entrepreneur and life peer famed as the founder of Cobra Beer and a member of the House of Lords. He merged Indian entrepreneurial spirit with global ambition, growing Cobra from a niche import into an international brand, weathering financial crises, restructuring, and forming a joint venture with Molson Coors. Beyond business, he has held roles including Chancellor of the University of Birmingham, President (and Vice President) of the Confederation of British Industry, and crossbench peer in the House of Lords.

About His Masterclass Session

In this session, hosted at King's College in collaboration with King's E Lab, GILP participants will engage directly with Lord Bilimoria as he shares firsthand lessons on starting and scaling a global business. He will draw from his journey building Cobra Beer and navigating high-stakes negotiations, offering strategic insights into leadership, resilience, and the art of dealmaking. This will be a rare opportunity for participants to ask questions, internalise frameworks, and glean mentorship from one of the most respected Indian entrepreneurs in the UK.

The Cambridge Advantage

For over eight centuries, Cambridge has nurtured some of the world's greatest thinkers — from **Isaac Newton to Stephen Hawking** and is home to a thriving innovation cluster producing **10,000+ startups**.

The **collegiate system** fosters intimate learning and deep reflection, giving participants the opportunity to dine in historic halls, walk in the footsteps of Nobel laureates, and experience a unique environment that encourages **bold, transformative thinking**.

Enrich Your Cambridge Experience

Alongside the programme, enjoy:

- Walking tour of Cambridge's historic colleges
- Punting on the River Cam
- Formal Cambridge college dinner
- Visits to innovation hubs & incubators
- Museum tours (Fitzwilliam, Whipple Science Museum)
- Cambridge University Botanic Garden
